RESOLUTION 2015-05
CASH MANAGEMENT PLAN
CASH MANAGEMENT PLAN OF THE TOWNSHIP OF MANSFIELD
IN THE COUNTY OF WARREN, NEW JERSEY

I. STATEMENT OF PURPOSE.

This Cash Management Plan (the “Plan”) is prepared pursuant to the provisions of N.J.S.A. 40A:5-14 in order to set forth the basis for the deposits (“Deposits”) and investment (“Permitted Investments”) of certain public funds of the Township, pending the use of such funds for the intended purposes. The Plan is intended
to assure that all public funds identified herein are deposited in interest or dividend bearing accounts or otherwise invested in Permitted Investments hereinafter referred to. The intent of the Plan is to provide that the decisions made with regard to the Deposits and the Permitted Investments will be done to insure the safety, the liquidity (regarding its availability for the intended purposes), and the maximum investment return within such limits. The Plan is intended to insure that any Deposit or Permitted Investment matures within the time period that approximates the prospective need for the funds deposited or invested so that there is not a risk to the market value of such Deposits or Permitted Investments.

II. CASH MANAGEMENT POLICY

A. Objectives: The priority of investing policies shall be, in order of descending importance, security, liquidity, and yield.

(1) Security: The safety of principal is the foremost objective of the cash management plan. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective is to mitigate credit risk and interest rate risk.

(2) Credit Risk: Credit risk is the risk of loss due to failure of the security issuer or backer. Credit risk may be mitigated by:

   (a) Limiting investments to the safest types of securities.

   (b) Pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which an entity will do business.

   (c) Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

3) Interest Rate Risk: Interest rate risk is the risk that the market value of the securities in the portfolio will fall due to changes in general interest rates. Interest rate risk may be mitigated by:

   (a) Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and

   (b) By investing operating funds primarily in shorter-term securities.

4) Liquidity: The investment portfolio must remain sufficiently liquid to meet all structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity).

5) Yield: The investment portfolio must be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and liquidity objective described above.

B) Standards of Care

(1) Prudence

The standard of prudence to be used by investment officials shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio in accordance with the State
Law and this policy. The Acting Chief Financial Officer, acting in accordance with written procedures and this cash management plan and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of the cash management plan and policy.

Investments shall be made with the judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

(2) Ethics and Conflicts of Interest

The designated officials involved in the investment process shall not have personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Actions of individuals involved in administering the cash management plan shall be governed by the Local Government Ethics Law. They shall disclose any personal financial investment positions that could be related to the performance of the investment portfolio. The designated officials shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the Township.

(3) Delegation of Authority

Authority to manage the cash management plan is granted to the Acting Chief Financial Officer pursuant to N.J.S.A. 40A:5-14. Responsibility for the operation of the cash management plan is hereby delegated to the Chief Financial Officer. No person may engage in an investment transaction except as provided under the terms of the policy and the written procedures established by the Chief Financial Officer. The Chief Financial Officer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

III. AUTHORIZED INVESTMENTS

- Authorized Depositories:
The following institutions are hereby authorized to serve as the primary banks for deposits:

  TD Bank
  Fulton Bank of New Jersey
  Unity Bank

The following institutions are hereby authorized to serve as the primary banks for escrow deposits:

  Fulton Bank of New Jersey
  TD Bank
  Unity Bank
B. Investment of Idle Funds

Except as otherwise specifically provided for herein, the Designated Official is hereby authorized to invest excess public funds covered by this Plan, to the extent not otherwise held in Deposits, in the following Permitted Investments:

1. Certificates of Deposit in any other institution presenting a GUDPA certificate may be used and approved as a depository by the governing body;

2. Government money market mutual funds in any other institution presenting a GUDPA certificate may be used and approved as a depository by the governing body;

3. The New Jersey State Cash Management Fund.

IV. SAFEKEEPING CUSTODY PAYMENT AND ACKNOWLEDGMENT OF RECEIPT OF PLAN

To the extent that any Deposit or Permitted Investment involves a document or security which is not physically held by the Township, then such instrument or security shall be covered by all custodial agreements with an independent third party, which shall be a bank or financial institution in the State of New Jersey. Such institution shall provide for the designation of such investments in the name of the Township to assure that there is not unauthorized use of the funds or the Permitted Investments or Deposits. Purchase of any Permitted Investments that involve securities shall be executed by a “delivery versus payment” method to insure that such Permitted Investments are either received by the Township or by a third party custodian prior to or upon the release of the Township's funds.

To assure that all parties with whom the Township deals with by way of Deposits or Permitted Investments are aware of the authority and the limits set forth in this Plan, all such parties shall be supplied with a copy of this Plan in writing and all such parties shall acknowledge the receipt of the Plan in writing, a copy of which shall be on file with the Designated Officials.

V. REPORTING REQUIREMENTS

On the first day of each month during which this Plan is in effect, the Designated Officials referred to above shall supply to the governing body of the Township a written report of any Deposits of Permitted Investments made pursuant to this Plan, which shall include, at a minimum, the following information:

A. The name of any institution holding funds of the Township as a Deposit of a Permitted Investment.

B. The earned income on such Deposits or Permitted Investments. To the extent that such amounts are actually earned at maturity, this report shall provide an accrual of such earnings during the immediately preceding month.

H. All other information which may be deemed reasonable from time to time by the governing body of the Township.

VI. TERM OF PLAN

This Plan shall be in effect from January 1, 2015 to December 31, 2015. The Plan may be amended from
time to time. To the extent that any amendment is adopted by the Township committee, the Designated Official is directed to supply copies of the amendments to all of the parties who otherwise have received the copy of the originally approved Plan, which amendment shall be acknowledged in writing in the same manner as the original Plan was so acknowledged.
